

SOLAR BARN RAISING

Neighbors
Working Together
for a Brighter
Tomorrow!

 Lydia's Place
BUNGALOWS
at
**MICAH'S
CREEK** 

Help Build a Brighter Future at Micah's Creek!

RSVP

BE PART OF SOMETHING INSPIRING!

Join neighbors, volunteers, and community partners as we come together for the installation of solar panels on the new Lydia's Place bungalows at Micah's Creek.

A modern-day barn raising brings people together to build something that benefits the entire community—this time, we're raising solar panels that will provide **clean, affordable energy** for years to come.

EVERYONE IS WELCOME!

- ✓ Community Members
- ✓ Students
- ✓ Volunteers
- ✓ Anyone interested in renewable energy
- ✓ Families

**SATURDAY,
OCTOBER 24**

10:00 AM – 12:00 PM

LYDIA'S PLACE BUNGALOWS

Micah's Creek

Near 175 Burney Street, Athens, Georgia

TOGETHER WE CAN:

Build affordable,
energy-efficient
homes

Reduce
carbon
emissions

Support
future
homeowners

Strengthen
our
community

What is a Solar Barn Raising?

A solar barn raising is a community event where people come together to "hand up" the panels in the spirit of neighbors helping neighbors with clean, renewable energy. This solar initiative is necessary. Come lend a hand, learn about solar energy, and celebrate community action!
